District No Refund Policy

When, in the sole judgment of the Administration or the Board of Education, in consultation with the school and the participating students and patrons, travel is suspended due to safety or other consideration beyond the control of any or all involved, Jordan School District, the Board of Education, school employees and agents shall have no obligation and shall be held harmless with respect to refund or any expenditures. Participants should not expect refunds for cancellations either individually or as a group.

Parent Certification

I have received and have carefully reviewed a copy of the “Application for Student Overnight and/or Extended Trip” described above. I also understand that board policy requires that the financial cost for all trips will be borne by the student and/or parents although some fundraising may be permitted by the principal. The financial cost for the trip is the personal responsibility of the student and his/her parents. This responsibility does not rest with the school, the district or the community.

Note: It is important that the school officials know your honest feelings concerning the proposed excursion. Please do not modify your response to satisfy possible peer pressure on your student.

I am supportive of the proposal and give permission for the below named student to participate in the trip. I also understand that my student is responsible to pay all costs before departure, and have read and am aware of the district no refund policy.

I am NOT supportive of the proposal.
